

THE APPEAL.

MISSISSIPPI NEWS

WITHDRAWN FROM THE CANVAS.—The Ripley elector contains a sensible and upright man, who has withdrawn his name from the canvass for Probate Judge of Tippah county. Like a true Democrat, as he is, he places his withdrawal on the ground that his name shall not be used to divide the Democratic strength and thus secure the election of one of the opposition candidates. Col. Baucus would have made an excellent Judge.

DECLINED.—Senator A. G. Brown has declined accepting the burdened tendered him by the citizens of Lawrence county.

NOTWITHSTANDING THE STATE SENATE'S T. L. THOMAS.—He has now received the nomination for Senator to represent the counties of Leake and Atala. He is a Democrat of ability and soundness, and we suppose in secret of his election.

NEW ORLEANS, JACKSON AND GREAT NORTHERN RAILROAD.—The South Sun announces that the contractor (Messrs. Octavius Bradford & Co.) have commenced work upon this road, east of Carton, and are rapidly pushing forward the enterprise. There is no truth in the statement that the Directors intended abandoning the road.

MEMPHIS MAIL.—We have just been shown a copy of the Memphis Daily Appeal, dated 22d, Mr. Harry Childress, stating that the present contract for conveying the mail between Grenada and Jackson will be suspended about two days, when there will be no mail direct between those points unless a new contract be made. He suggests that our citizens should apply to the Postmaster General, and to the authorities at Washington, to procure a daily line by stage between Grenada and Memphis, so that the mail will be attended to.

Grenada Locomotive.

RATES REDUCED.—Mr. Newell, the Superintendent of the Mississippi and Tennessee Railroad, informs us that the present tariff of charges on freight have been revised and reduced. We will notice the rates we get in the course of time. They have fixed the price for carrying cotton from Panola, to Memphis, at one dollar and fifty cents per barrel. It is to be hoped that they may be reduced to the authorities at Washington, to procure a daily line by stage between Grenada and Memphis, so that the mail will be attended to.

The above paper has the following:

THE RAILROAD.—The stockholders in the Mississippi and Tennessee Railroad should remember that the election for Directors comes off on the 1st of November, and that it will be as well as very important election. We trust and Col. White declines another election. Mr. Newell and Mr. McKey are spoken of as suitable persons to fill this place. We have no personal knowledge of them, but we are disposed to say that another of these would be as acceptable to the people of Panola county as the others. Those desirous of being forwarded for President, and so far as we are present advised, we are decidedly in favor of Mr. Slidell. He is the very man for the place.

CONFIDENTIAL.—We copy the following proceedings of the Ripley *Advertiser*:
